Mr. R. A. Stubbs

Dear cousin:--I registered the Mote data yesterday to you against any loss or damage knowing it can not be replaced; at present I do not know where any other genealogy is altho several were distributed. Cousin Mattie(Mrs. Orrin Mote) I understand expected the Ass'n to have the records put in book form--she died--her home was broken into and the records with photographs to be used was stolen with other things and never recovered. There was no more Jones-Mote reunion. I would not have had this had it not been for my mother as I was in Washington, D.C.during the time of the clan gatherings. If I have any wish at all in the disposition of the Jones data would be that it and the Mote data be placed where it will be taken care of and can be appreciated. I may be too sentimental about this but knowing the work that was involved in obtaining this data wan't it placed where it will do the mostgood, so keep them in your files and I hope you will be benefitted by both of these MOTE & JONES records.

Page 1 of Mote data the third child of Margaret Mote & James Patty--Rachel m Francis Jones--should read Wallace Jones. Rachel died 1828. This correction may be made on your sheet,but I wanted to call your attention to it any way.

D.A.R. magazine 1934 September-October-November carries data from West Branch Monthly Meeting Register.O

As Jonathan Mote con.mou 1784(Hinshaw V i p 1048)have no data on his first wife except"she died 1802 on road from Ga. to Ohio,was buried in the wilderness , a log was split and a place was chopped out in which to place the body" He was disowned in 1813 about the close of the last war with England and never regained his membership,showed indifference to religion for many years but a few years before he died he frequently attended Friends' meeting.

If there is anything more that I can assist you will be glad to do so

Sincerely
Cordelia Vesta Glascock Selter
